Original instructions

PA2P + PA2PF/PA3PF
PA34TR + PA2PF/PA3PF
PA34TR + PA2PF/ PA3PF

1. Insert the bars into the holes of the support and fix the lock nut using the provided tool.

2. Pull the support out to ensure it is secure.

3. The distance between the supports should be at least 500 mm.

4. Adjust the height of the support as needed.

5. Ensure all components are securely tightened to prevent any movement during use.

Components:
- PA2/3PF15: 4 x
- PA2/3PF20: 6 x
- PA34TR15: 4 x
- PA34TR20: 6 x
